ON THE HOME FRONT

Gary Colley

Every faithful member of the Getwell church of Christ has been very busy in the last few days! We have been engaged in the 41st ANNUAL SPIRITUAL SWORD LECTURESHIP, and what a lectureship it was! The speakers were the very best on developing their subjects and presenting them in a clear, concise manner. We are greatly indebted to each of the 28 speakers who spoke, some who traveled for many miles. Their manuscripts were diligently researched, thoroughly considered, and brought together in a fine way. There were an exceptional number of books purchased during the lectureship. If you desire a copy of the book *Eternal Security*, please contact our offices.

The comments of those who attended were highly complementary. Some said it was the greatest lectureship they had attended this year. We counted 15 different states' license plates on our parking lot one day, and perhaps we may have missed some on other days. There were 7 different foreign countries represented. Our special thanks to our God is given in prayer for the attendance of the many young men who are preparing to preach the Gospel from the Memphis School of Preaching in Memphis and the Brown Trail School of Preaching in Bedford, Texas, as well as other preachers and elders.

Surely, we would miss complimenting someone if we tried to thank each and every one of the members at Getwell who participated in some way to make this a success. May God have the glory of and for these wonderful few days!

That There Is No God?

In the 1960s there was an article published in *The Miami Herald*, written by Jim Bishop, author of over 20 books, including *The Day Christ Died* and *The Day Kennedy Was Shot*. It held an interest particularly because it had to do with whether there is a God in Heaven. He began, "There is no God. All of the wonders around us are accidental. No almighty hand made a thousand-billion stars. They made themselves. No Power keeps them on their steady course. The earth spins itself to keep the oceans from falling off toward the sun. Infants teach themselves to cry when they are hungry or hurt. A small flower invented itself so that we could extract digitalis for sick hearts. The earth gave itself day and night and tilted itself so that we get seasons. Without the magnetic poles man would be unable to navigate the trackless oceans of water and air, but they just grew there. How about the sugar thermostat in the pancreas? It maintains a level of sugar in the blood sufficient for energy. Without it, all of us would fall into a coma and die. Why does snow sit on mountain tops waiting for the warm

spring sun to melt it at just the right time for the young crops in farms below to drink? A very lovely accident. The human heart will beat for 70 or 80 years without faltering. How does it get sufficient rest between beats? A kidney will filter poison from the blood and leave good things alone. How does it know one from the other? Who gave the human tongue flexibility to form words, and a brain to understand them, but denied it to all of the animals? Who showed a womb how to take the love of two persons and keep splitting a tiny ovum until, in time, a baby would have the proper number of fingers, eyes, and ears, and hair in the right places, and come into the world when it is strong enough to sustain life? There is no God?" Powerful article! Unanswerable common sense arguments for the existence of God! Though many more things might be added that show beyond doubt that God exists, Mr. Bishop has presented to us some very strong ones! If one will not see there is a God, it is because one does not intend to see! "The fool has said in his heart, There is no God" (Psa. 14:1).
